Cutting Tools Vol.2

公司宗旨

Corporate Faith

品质优异

High Level Quality

质量稳定

Stable Quality

技术领先

Lead-edge Technologies

服务至上

Service-Oriented

阿斯图精密工具（上海）有限公司位于上海市嘉定区大众工业园区，环境优雅，交通便捷。公司致力于整体硬质合金标准刀具、非标刀具的研制、开发，生产和销售，以及整硬刀具的修磨。主要产品为整硬钻头、整硬铣刀、整硬铰刀、整硬螺纹刀具以及硬质合金复合刀具，同时我们也提供专业化的刀具修磨与改制业务。

公司拥有当前世界上最先进的刀具加工检测设备：如德国SAACKE公司的UWIF五轴五联动数控刀具磨床；德国WALTER Helitronic Vision高性能数控磨床；德国WALTER 微型刀具专用7轴数控磨床；瑞士Rollomatic 高精度5轴磨床和微型刀具专用6轴联动高精密度数控刀具磨床；德国Guhring公司刀具万能光学检测仪，美国PG1000高精度刀具检测仪，二次元卧式轮廓投影仪及美国Transor冷却过滤器。

产品广泛应用于航空航天、汽车、汽轮机、模具、医疗、石油机械、工程机械制造等行业，用于加工普通合金钢、铝合金、铜合金、石墨、淬火钢、高温合金、钛合金、难加工材料及非金属材料等。

我们的技术人员与当地代理商销售团队随时准备为客户提供高效、专业的服务。

最小直径 0.1mm 微型刀具专用 6 轴联动高精密度数控刀具磨床

德国 SAACKE
UWIF5 轴 5 联动数控刀具磨床

AST Precision Tools (Shanghai) Co., Ltd. is locating in Jiading District, Shanghai Volkswagen Industrial Park, elegant environment, convenient transportation.

The company is committed to the R&D, production and sales for solid carbide cutting tools including non-standard and standard cutting tool, at the same time focus on the cutting tool with high level as word famous brand.

Our main CNC machines and checkout equipment:SAACKE UWIF 5-axes CNC tool grinder from the German company; German Walter micro cutting tools specialist 7-axes CNC grinder;Walter Helitronic Vision high-performance CNC grinder; Swiss Rollomatic 629XS micro cutting tools specialist CNC grinder and NP5 5-axes CNC grinder; One-to-two cooling and filtering equipment from Transor USA ; American PG1000 High precision cutting tool admeasuring apparatus; universal measuring equipment PG200 from Guhring Germany; another universal contour projector from Wan Hao Taiwan China.

Our solid carbide tools including drill, reamer, end mill and form cutting tool etc., but also to undertake the solid carbide tool regrinding business, the biggest advantage is to make tool solution aiming at solving problem for customer one-to-one.

The products are widely used in aerospace, automotive, turbine, mold manufacturing and other industries which can machine alloy steel, aluminum ,copper alloy, graphite, hardened steel, high temperature alloys, titanium alloys, hard to machine materials and non-metallic materials.

Local agents and our technical engineer will provide efficient and professional service for you.
